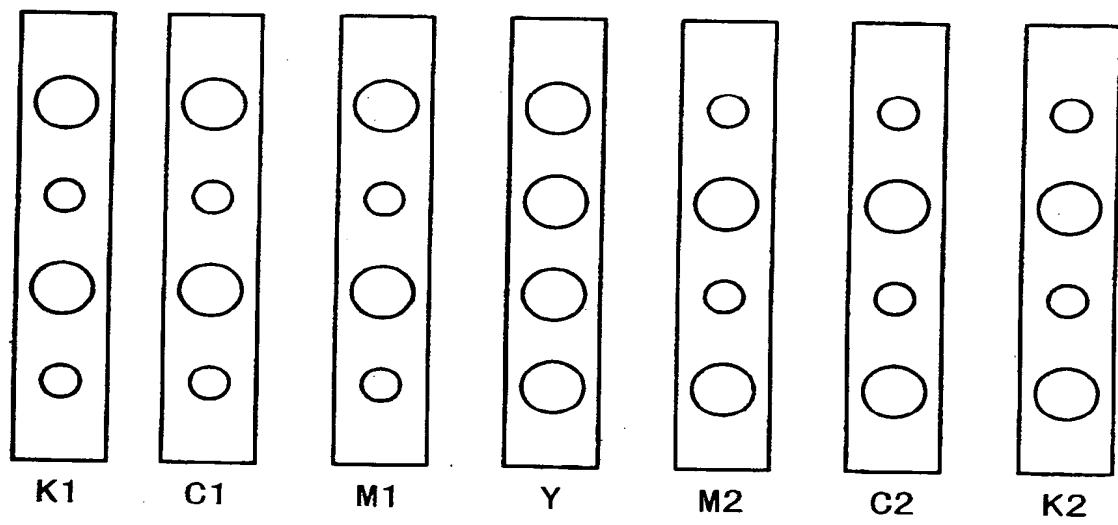

FIG. 8

The diagram shows seven vertical rectangular chromatids labeled C1, M1, Y1, K, Y2, M2, and C2 from left to right. A horizontal line passes through the center of all chromatids. Chromatid K is the longest and contains 10 circles (5 above and 5 below the horizontal line). Chromatids C1, M1, Y1, Y2, M2, and C2 are shorter and each contain 6 circles (3 above and 3 below the horizontal line). The circles are arranged in a regular pattern along each chromatid.
